

MUSSAMMIL SHATHIK

Full-Stack Developer

Tenkasi, Tamil Nadu, India | +91 8870394593 | mussammilshathik1@gmail.com

Portfolio: <https://portfolio-ms2.vercel.app/>

PROFESSIONAL SUMMARY

Full-Stack Developer and **B.Sc. Information Technology** graduate with practical experience in **React, JavaScript, HTML, CSS** and **REST API integration**. Trained in **Full Stack Development using Python**, with hands-on project work in building responsive, user-friendly web applications with clean UI design and reusable components. Passionate about learning modern web technologies and delivering efficient digital solutions. Seeking an **entry-level Full Stack / Python / React Developer** role.

TECHNICAL SKILLS

Frontend: React.js, JavaScript (ES6+), HTML5, CSS3, Bootstrap

Backend: Python, Django (Basics), REST API Integration

Database: MySQL, Relational Database Management System (RDBMS)

Programming Languages: Python, JavaScript

Tools & Platforms: Git, GitHub, Postman, VS Code, Vercel, Render, Supabase

Core Concepts: Responsive Web Design, CRUD Operations, Component-Based Architecture, API Integration

PROJECTS

Fashion E-Commerce Website

Technologies: React.js, JavaScript, HTML5, CSS3, Django REST API

- Developed a responsive fashion e-commerce website using React.js, creating a clean and user-friendly interface that works smoothly on desktop, tablet, and mobile devices.
- Created reusable React components for product cards, navigation, product sections, buttons, and other UI elements, making the website easier to maintain and update.
- Implemented product listing and product details functionality, allowing users to browse fashion products and view product information, prices, images, and categories.
- Added shopping cart and favorites features, allowing users to add products to their cart for purchase and save their favorite products for later.
- Integrated React frontend with Django REST API, enabling the application to retrieve and display dynamic product data from the backend instead of using only static data.

ArtsGallery Website

Technologies: React.js, JavaScript, HTML5, CSS3, Supabase

- Developed a responsive art e-commerce website using React.js for browsing and purchasing original artwork.
- Implemented product listing, artwork details, favorites, and search functionality for an easy browsing experience.
- Built complete e-commerce features including shopping cart, checkout, order placement, and order tracking.
- Added user authentication and profile management, allowing users to manage their accounts and view their order history.
- Integrated Supabase for managing products, users, and orders, with an Admin Dashboard for managing website content and products.

EDUCATION

B.Sc. Information Technology Manonmaniam Sundaranar University, Tirunelveli Sri Ram Nallamani Yadava College of Arts & Science, Kodikurichi, Tenkasi CGPA: 6.56 / 10 – First Class	2022 – 2025
Higher Secondary (12th) – State Board, Tamil Nadu Seyad Residential Matric Hr. Sec. School, Courtallam Percentage: 59.83% (359 / 600)	2022
Secondary School (10th) – State Board, Tamil Nadu Everest Matric Hr. Sec. School, Kadayannallur Percentage: 89.2% (446 / 500)	2020

CERTIFICATION

Master Program in Full Stack Development Using Python Livewire, Tenkasi (CADD Centre Training Services) Certificate issued: 25 March 2026	Sep 2025 – Nov 2025
- Completed a three-month master program covering full stack web development using Python. - Gained hands-on practice in building complete web applications, from front end to back end and database.	
Naan Mudhalvan Skill Programmes Tamil Nadu Government skill development initiative, completed as part of the B.Sc. curriculum	2022 – 2025
- Language Proficiency for Employability; Programming Essential Employability; Oracle Cloud Architecture - Cloud and IT Essentials for Employability; Emerging Technology for Employability	

ADDITIONAL SKILLS

- Quick learner** with the ability to adapt to new technologies.
- Good **problem-solving** and **logical thinking** abilities.
- Ability to work effectively in both **individual** and **team-based** projects.
- Basic understanding of the **software development workflow** and deployment.
- Comfortable using **Git and GitHub** for version control and **Postman** for testing APIs.
- Strong attention to detail in building **clean, responsive, and user-friendly** interfaces.

LANGUAGE

- Tamil**
- English**
